  - c. We need 1 OXYGEN GENERATOR

Total Value: 132,512 as per the quotation attached. Alternatively the above can be purchased by the District directly and supplied to our "LATE MJF LION LILLIAN MEDICAL EQUIPMENT BANK" held by LION MERVIN FERNANDES

4. PROJECT NAME: **Lion Lillian MEDICAL EQUIPMENT BANK**

5. PROJECT CATEGORY: **HEALTH CARE TO THE NEEDY**

6. PROJECT DETAILS: **LIONS Club of Aldona has been maintaining a Medical Equipment Bank for the last 5 years. We have various type of Medical equipment including fowler beds, walkers, wheel chairs, etc. This equipment bank is extensively used by people from Aldona. We are now proposing to extend this service to other Villages within BARDEZ and through other Lions clubs in BARDEZ for the time being. There is no other similar medical equipment bank within any where in Bardez area. Therefore, extending our service to other clubs and to support our future needs, this improvement in our medical equipment bank is very much needed. A complete list of equipment own by the Lions club of Aldona Trust is electronically maintained to ensure up to date information on how much equipment exists, who has taken what type of equipment and a log is maintained to ensure details of those who use this facility. Most facility is used by many people specially when there are accidents/incidents and temporary use of this equipment makes sense.**

**7. Project Financial Breakup:**

- a. OXYGENERATOR 28,800
- b. FOWLER BEDS 4 x 20928 = 83,712
- c. Wheelchairs 4 x 5000 = 20,000

**Total amount: 1,32,512**

- 8. COMMUNITY NEED:** Many elderly senior citizens cannot afford to purchase new fowler beds nor wheelchairs for temporary use. This bank provides viable support to all the seniors citizens including young who get involve in accidente or have an incident at home. We are facing shortage of equipment at times because of time it takes to get the equipment back in to the bank in a timely manner. Moreover, we are planning to extend this service to other Lions Clubs in Bardez through Lions Clubs and their President. This extended service can only be provided if we receive support from the district. We plan to announce this extended service in August 2025 or after we receive this additional equipment in our bank.

**We seek your approval to add the items needed to our “Medical Equipment Bank” District can purchase these items and ship to us and make direct payment to the vendor.**

**Thanking you for your support to enhance our activities and provide continuous improvement program to the village in and around Bardez area.**
